

5.4.2 Alumni contributes and engages significantly to the development of University through academic and other support system

Alumni are the ambassadors of the University. Alumni are always helpful to the university in many ways fostering a sense of community and enhancing the overall university experience. The involvement of alumni in contributing to and engaging with their alma mater can have significant positive impacts on the development of a university.

Alumni contribute significantly to the development of a university by providing academic and other support systems. Their engagement strengthens the ties between the university and its graduates, creating a mutually beneficial relationship that enhances the overall educational experience and reputation of the institution. Alumni help for the project work, placements and summer internships for the students of the Institute. Well-placed alumni of the College in esteemed organizations like HDFC Ltd., HDFC Bank, Sammunnati Financial Services, Tirth Agro, Reliance Retail, and many others are recruiting students for Project work, Internship, and Final Placements.

Experienced Alumni delivering various talks for the betterment and Industrial guidelines of the students. They are helping in developing various soft skills of the current students. Students are getting meaningful insights of the Industry.

1. An Alumni Interaction with the students was organized by the International Agribusiness Management Institute (IABMI), Anand. Mr. Deep Usadadiya, Assistant Manager, Jio Platforms and former alumnus of the institute interacted with the students of the second semester on 01st April 2022.
